Driving Directions

From junction 5 of the M5, follow the A38 in the direction of Droitwich and Worcester.

Remain on the A38 for 2 1/4 miles.

You will then be at a roundabout.

Travel right around the roundabout

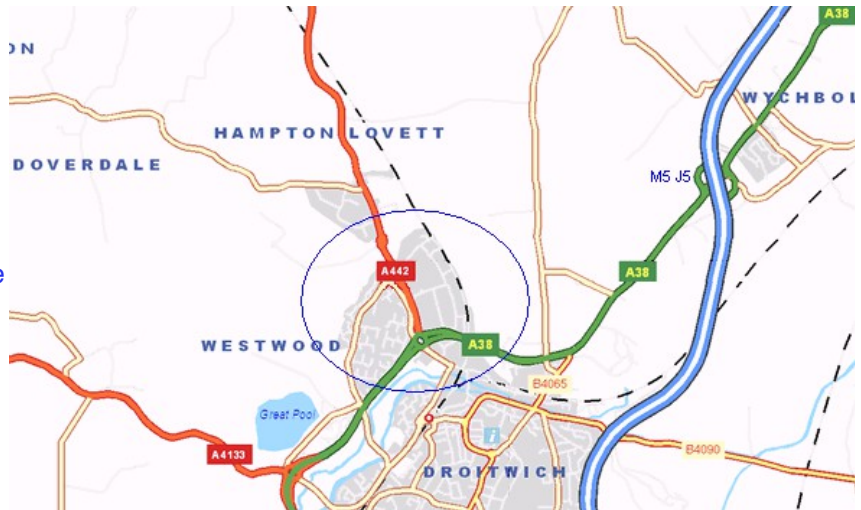

until you're back to the A38 exit

(direction Bromsgrove). The slip road

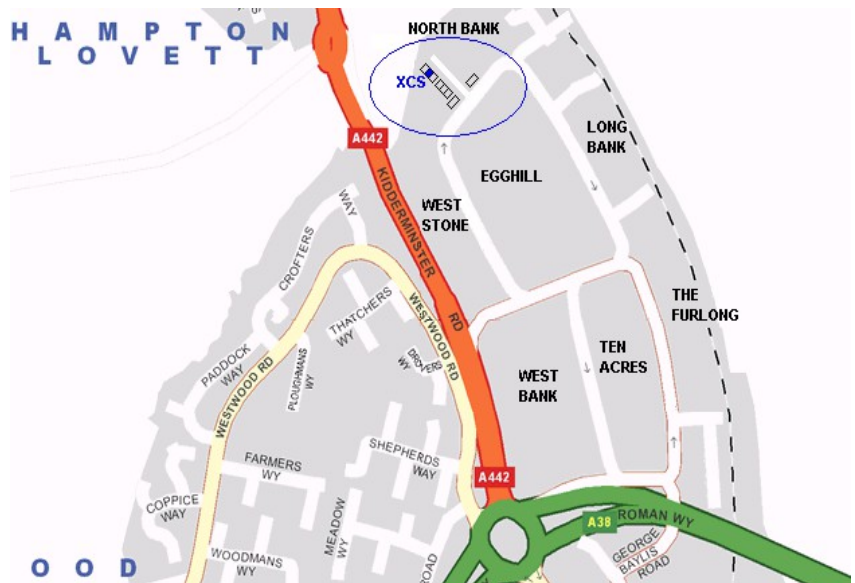

forks before you join the A38. Take the

left hand fork onto the Berry Hill

industrial estate.

Follow the road around until Egghill then turn right, between Egghill and West Stone. Follow the road around to the right. XCS Systems is located away from the road, and is accessed along a road between the companies of C. A. Morris and Lodge Tyre Company.
